

## Auglaize County Solid Waste District 2025 INDUSTRIAL RECYCLING/DISPOSAL SURVEY

**Instructions:** Please complete all of the following survey to the best of your ability. Only include solid waste/recyclable data that is generated *within* Auglaize County.

**Confidentiality:** The Auglaize County Solid Waste Management District will use the information in this survey for summary purposes only to identify types of wastes that may be further reduced or recycled.

**Submitting:** Upon completion, please return this survey by **March 1, 2026** by e-mail to [aschwaderer@auglaizecounty.org](mailto:aschwaderer@auglaizecounty.org) or by mail to **P.O. Box 603, St Marys, Ohio 45885**.

*If you have any questions, please call Auglaize County SWMD's ADR Office Coordinator, Alexa Schwaderer, at 419-394-1270.*

### Part I - General Information

**Company Name:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**City:** \_\_\_\_\_ **Zip:** \_\_\_\_\_

**Contact Person:** \_\_\_\_\_ **Phone:** \_\_\_\_\_

**# of Employees:** \_\_\_\_\_ **SIC Code:** \_\_\_\_\_

### Part II –Recycling

Table 1 – Data recorded in this table should include all of the solid waste recycled by your company in **2025** along with the processor/recycler/broker/landfill/transfer station used for each material recycled. Please provide the known or estimated quantities of **each type** of material recycled in tons. **The data in the recycled column is used to calculate the SWD's progress in meeting state and local recycling goals.** For data conversions assume the following: 2,000 pounds = 1 ton, 3 cubic yards = 1 ton, 7.5 lbs = 1 gallon of used oil, and 8 lbs = 1 gallon of used antifreeze.

| Table 1 - Recycling in 2025 |                                                |                     |                               |
|-----------------------------|------------------------------------------------|---------------------|-------------------------------|
|                             | Category                                       | Total Tons Recycled | Processor/Recycler/Broker     |
|                             | <i>EXAMPLE: Mixed Paper</i>                    | <i>2.5 tons (T)</i> | <i>Auglaize Co. Recycling</i> |
| PAPER                       | Mixed Paper                                    |                     |                               |
|                             | Cardboard <sup>1</sup> (use Table 2 if needed) |                     |                               |
|                             | Newsprint                                      |                     |                               |
|                             | Office Paper                                   |                     |                               |
|                             | Other Paper (Specify):                         |                     |                               |
| WOOD                        | Wood                                           |                     |                               |

<sup>1</sup> The SWMD realizes that commercial businesses may primarily recycle cardboard only but may not have actual weights of the cardboard based on the style of service provided (dumpster service). The SWMD has provided the following table to document the amount of cardboard recycled annually. Simply fill in the size of your dumpster (2, 4, 6, 8 or 10 cubic yard), how full it is when picked up on average (as a percentage) and the number of times the dumpster is emptied each week. Then use the formula in the table below to calculate your annual tonnage of cardboard. An example is given to assist you in the calculation. If you have additional dumpsters, simply perform the same exercise for each separate dumpster. The total tons recycled can then be transferred to the cardboard total in Table 1.

| Table 2 - Recycled Cardboard Calculator                            |                                            |                                            |                                     |                                                                                               |
|--------------------------------------------------------------------|--------------------------------------------|--------------------------------------------|-------------------------------------|-----------------------------------------------------------------------------------------------|
| Dumpster                                                           | Size of Dumpster<br>(Cubic Yards)<br>( A ) | Percentage Full<br>When Picked Up<br>( B ) | No. of Pickups<br>per Week<br>( C ) | Estimated Cardboard<br>Recycled<br>(Tons)<br>$( A ) \times ( B ) \times ( C ) \times 52 / 20$ |
