IN THE MATTER OF GRANTING AN EXTENSION OF TIME TO COMPLETE SURVEY, REPORTS AND SCHEDULES BY THE COUNTY ENGINEER FOR THE BARNES #2 DITCH PROJECT.

The Board of Auglaize County Commissioners met in regular session on the 26th day of August, 2010.

Commissioner Bergman moved the adoption of the following

RESOLUTION

WHEREAS, pursuant of Resolution #10-207, dated June 1, 2010, the Engineer's Report on the Barnes #2 Ditch Project will be due for presentation to the Board of County Commissioners on this date, September 7, 2010; and,

WHEREAS, a Request for Extension of time to complete the survey, reports and assessment schedules by the County Engineer was submitted to the Board of County Commissioners by Asst. County Engineer Kevin Schnell with the following content:

In the Matter of the Barnes #2 Single County Ditch
Petitioned for by
Goshen Township Trustees
And others;

To the Board of Auglaize County Commissioners:

Due to the pressure of other work, such as the ongoing construction of the Muddy Creek Project this summer, it has not been possible for me to prepare the final plans, profiles, specifications, and construction estimates and assessment for the Barnes #2 Ditch.

Earlier this spring, I was able to locate the existing tile mains and branches by probing methods, I have gps surveyed those locations, and completed all other necessary surveying for the project.

I will need approximately 90 more days to complete the engineering plans, construction estimates and schedule of assessments.

Respectfully,
s/Kevin Schnell, Asst. Co. Engineer

THEREFORE, BE IT RESOLVED that the Board of County Commissioners, Auglaize County, Ohio, does hereby grant the extension of time for completion and submittal of the Engineer's Reports for the Barnes #2 Single County Ditch to December 7th, 2010 at 10:00 a.m. for reasons so above stated.

Commissioner Spencer seconded the Resolution and upon the roll being called, the vote resulted in the adoption of the resolution as follows:
