First Amendment to PY 2021 Community Development Program Grant Agreement

REVISED: Attachment D: Grantee Assurances and Certifications

The following assurances will be contained in this Agreement between the Grantor and Grantee.

Grantee hereby assures and certifies to the following conditions:

1. It will affirmatively further fair housing, which means that it will take meaningful actions, in addition to combating discrimination, that overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics; and that it will comply with the fair housing program requirements outlined in the Ohio Consolidated Plan.
2. It is following a residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the Community Development Block Grant (CDBG) program or the HOME Investment Partnerships Program (HOME). By following a residential anti-displacement and relocation assistance plan it will minimize displacement of persons as a result of assisted activities.
3. It possesses legal authority under state and local law to carry out and the programs for which it is seeking funding, in accordance with applicable HUD regulations.
4. It will certify that it will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (**42 U.S.C. 4601**), and implementing regulations at **49 CFR part 24**.
5. It will certify that it will comply with Section 3 of the **Housing and Urban Development Act of 1968 (12 U.S.C. 1701u)** and implementing regulations at **24 CFR part 75**, and will follow the prioritization of effort outlined in §75.19:
 - a. Employment and training.
 - i. To the greatest extent feasible, and consistent with existing Federal, state, and local laws and regulations, Grantee shall ensure that employment and training opportunities arising in connection with Section 3 projects are provided to Section 3 workers within the metropolitan area (or nonmetropolitan county) in which the project is located.
 - ii. Where feasible, priority for opportunities and training described in the above paragraph should be given to:
 1. Section 3 workers residing within the service area or the neighborhood of the project, and
 2. Participants in YouthBuild programs.
 - b. Contracting
 - i. To the greatest extent feasible, and consistent with existing Federal, state, and local laws and regulations, Grantee shall ensure contracts for work awarded in connection with Section 3 projects are provided to business

First Amendment to PY 2021 Community Development Program Grant Agreement

concerns that provide economic opportunities to Section 3 workers residing within the metropolitan area (or nonmetropolitan county) in which the project is located.

ii. Where feasible, priority for contracting opportunities described in the above paragraph should be given to:

1. Section 3 business concerns that provide economic opportunities to Section 3 workers residing within the service area or the neighborhood of the project, and
2. YouthBuild programs.

6. It will certify that it is in full compliance and following a detailed citizen participation plan that satisfies the requirements of **§570.486** and **42 U.S. Code § 5304**.
7. It will identify community development and housing needs including the needs of low-income and moderate-income families, and the activities to be undertaken to meet these needs.
8. It will comply with the current state of Ohio Consolidated Plan that has been approved by HUD.
9. It will certify that it has complied with the following criteria related to assessments and fees:

Special assessment definition: The term "special assessment" means a fee or charge levied or filed as a lien against a parcel of real estate as a direct result of benefit derived from installing a public improvement, such as streets, water or sewer lines, curbs and gutters. The amount of the fee represents the prorated share of the capital costs of the public improvement levied against the benefiting properties or a one-time charge made as an access condition to the public improvement. This term does not relate to taxes, or establishing real estate value for levying real estate, property or ad valorem taxes, nor does it include periodic charges based on using public improvements, such as water or sewer user charges, even if such charges include recovering all or some portion of the public improvement's capital costs.

Where CDBG funds are used to pay all or part of public improvement cost, special assessments may be used to recover capital costs as follows:

- a. Special assessments to recover the CDBG funds may be made only against properties owned and occupied by households not of low- and moderate- income. Such assessments constitute program income.
- b. Special assessments to recover the non-CDBG portion may be made provided that CDBG funds are used to pay the special assessment on behalf of all properties owned and occupied by low- and moderate-income households; except that CDBG funds need not be used to pay the special assessments on behalf of properties owned and occupied by moderate-income households if the grant recipient certifies that it does not have sufficient CDBG funds to pay the assessments on behalf of all the low- and moderate-income, owner-occupant households. Funds collected through such special assessments are not program income.

Program funds may be used to pay all or part of special assessments levied against a property when such assessments are used to recover the capital cost of eligible public improvements

First Amendment to PY 2021 Community Development Program Grant Agreement

financed solely from sources other than CDBG funds, provided that:

- a. The assessment represents that property's share of the capital cost of the improvements;
- b. Installing the public improvements was carried out in compliance with requirements applicable to activities assisted under this part of the CDBG regulations including environmental, citizen participation and Davis-Bacon requirements; and
- c. Installing the public improvement meets a national objective criterion.

Special assessments cannot be paid for low- or moderate-income persons where the public improvement itself does not meet a national objective. To pay an assessment for a low- or moderate-income person means to pay the whole assessment as a grant.

10. It will certify that the grant will be conducted and administered in conformity with **title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601- 3619)** and implementing regulations.
11. Its activities concerning lead-based paint will comply with the requirements of **24 CFR 35, subparts A, B, J, K, and R.**
12. It will comply with all applicable laws.
13. In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable:
 - a. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by **41 U.S.C. 1908**, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
 - b. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.
 - c. Equal Employment Opportunity. Except as otherwise provided under **41 CFR Part 60**, all contracts that meet the definition of "federally assisted construction contract" in **41 CFR Part 60-1.3** must include the equal opportunity clause provided under **41 CFR 60-1.4(b)**, in accordance with **Executive Order 11246**, "Equal Employment Opportunity" (**30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339**), as amended by **Executive Order 11375**, "**Amending Executive Order 11246 Relating to Equal Employment Opportunity**," and implementing regulations at **41 CFR part 60**, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
 - d. Davis-Bacon Act, as amended (**40 U.S.C. 3141-3148**). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (**40 U.S.C. 3141-3144, and 3146-3148**) as supplemented by Department of Labor regulations (**29 CFR Part 5**, "**Labor Standards Provisions Applicable to Contracts Covering**

First Amendment to PY 2021 Community Development Program Grant Agreement

Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the **Copeland "Anti-Kickback" Act (40 U.S.C. 3145)**, as supplemented by Department of Labor regulations (**29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"**). The Act provides that each contractor or sub-recipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

e. Contract Work Hours and Safety Standards Act (**40 U.S.C. 3701-3708**). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with **40 U.S.C. 3702** and **3704**, as supplemented by Department of Labor regulations (**29 CFR Part 5**). Under **40 U.S.C. 3702 of the Act**, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of **40 U.S.C. 3704** are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

f. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under **37 CFR §401.2 (a)** and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or sub-recipient must comply with the requirements of **37 CFR Part 401**, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

g. Clean Air Act (**42 U.S.C. 7401-7671q.**) and the Federal Water Pollution Control Act (**33 U.S.C. 1251-1387**), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (**42 U.S.C. 7401-7671q**) and the Federal Water Pollution Control Act as amended (**33 U.S.C. 1251-1387**). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

First Amendment to PY 2021 Community Development Program Grant Agreement

Unique Entity Identifier 080984560

TO: Auglaize County Board of Commissioners
(herein called the "Sponsor")

FROM: The United States of America (acting through the Federal Aviation Administration, herein called the "FAA")

WHEREAS, the Sponsor has submitted to the FAA an Airport Rescue Grant Application dated August 17, 2021, for a grant of Federal funds at or associated with the Neil Armstrong Airport, which is included as part of this Airport Rescue Grant Agreement;

WHEREAS, the Sponsor has accepted the terms of FAA's Airport Rescue Grant offer;

WHEREAS, in consideration of the promises, representations and assurances provided by the Sponsor, the FAA has approved the Airport Rescue Grant Application for the Neil Armstrong Airport, (herein called the "Grant" or "Airport Rescue Grant") consisting of the following:

WHEREAS, this Airport Rescue Grant is provided in accordance with the American Rescue Plan Act ("ARP Act", or "the Act"), Public Law 117-2, as described below, to provide eligible Sponsors with funding for costs related to operations, personnel, cleaning, sanitization, janitorial services, combating the spread of pathogens at the airport, and debt service payments. Airport Rescue Grant amounts to specific airports are derived by legislative formula (See Section 7102 of the Act).

WHEREAS, the purpose of this Airport Rescue Grant is to prevent, prepare for, and respond to the coronavirus pandemic. Funds provided under this Airport Rescue Grant Agreement must be used only for purposes directly related to the airport. Such purposes can include the reimbursement of an airport's operational expenses or debt service payments in accordance with the limitations prescribed in the Act.

Airport Rescue Grants may be used to reimburse airport operational expenses directly related to Neil Armstrong incurred no earlier than January 20, 2020.

Airport Rescue Grants also may be used to reimburse a Sponsor's payment of debt service where such payments occur on or after March 11, 2021. Funds provided under this Airport Rescue Grant Agreement will be governed by the same principles that govern "airport revenue." New airport development projects not directly related to combating the spread of pathogens may not be funded with this Grant. Funding under this Grant for airport development projects to combat the spread of pathogens will be reallocated using an addendum to this Agreement for identified and approved projects.

NOW THEREFORE, in accordance with the applicable provisions of the ARP Act, Public Law 117-2, the representations contained in the Grant Application, and in consideration of (a) the Sponsor's acceptance of this Offer; and, (b) the benefits to accrue to the United States and the public from the accomplishment of the Grant and in compliance with the conditions as herein provided,

THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay 100% percent of the allowable costs incurred as a result of and in accordance with this Grant Agreement.

b. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with this Grant Agreement.

c. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance Title 49, United States Code, the regulations, and the terms and conditions of this Grant Agreement.

5. Consistency with Local Plans.

Any project undertaken by this Grant Agreement is reasonably consistent with plans (existing at the time of submission of the Airport Rescue Grant application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

6. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where any project undertaken by this Grant Agreement may be located.

7. Consultation with Users.

In making a decision to undertake any airport development project undertaken by this Grant Agreement, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

8. Pavement Preventative Maintenance.

With respect to a project undertaken by this Grant Agreement for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed, or repaired with Federal financial assistance at the airport, including Airport Rescue Grant funds provided under this Grant Agreement. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

9. Accounting System, Audit, and Record Keeping Requirements.

- a. It shall keep all Grant accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the Grant in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the Grant supplied by other sources, and such other financial records pertinent to the Grant. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.
- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a Grant or relating to the Grant in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

10. Minimum Wage Rates.

It shall include, in all contracts in excess of \$2,000 for work on the airport funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

11. Veteran's Preference.

It shall include in all contracts for work on any airport development project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in Section 47112 of Title 49, United States Code. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

12. Operation and Maintenance.

- a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, State and local agencies for maintenance and

operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:

1. Operating the airport's aeronautical facilities whenever required;
 2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
 3. Promptly notifying airmen of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.
- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

13. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

14. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft.

15. Exclusive Rights.

The sponsor shall not grant an exclusive right to use an air navigation facility on which this Grant has been expended. However, providing services at an airport by only one fixed-based operator is not an exclusive right if—

- a. it is unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide the services; and
- b. allowing more than one fixed-based operator to provide the services requires a reduction in space leased under an agreement existing on September 3, 1982, between the operator and the airport.

16. Airport Revenues.

- a. This Grant shall be available for any purpose for which airport revenues may lawfully be used to prevent, prepare for, and respond to coronavirus. Funds provided under this Airport Rescue Grant Agreement will only be expended for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport(s) subject to this agreement and all applicable addendums for costs

related to operations, personnel, cleaning, sanitization, janitorial services, combating the spread of pathogens at the airport, and debt service payments as prescribed in the Act.

- b. For airport development, 49 U.S.C. § 47133 applies.

17. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;
- b. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 - 1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 - 2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

18. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

19. Airport Layout Plan.

- a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:

- 1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
- 2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;
- 3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and
- 4. all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan

as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

- b. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

20. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this Grant.

- a. Using the definitions of activity, facility, and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR Part 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by or pursuant to these assurances.

b. Applicability

- 1. Programs and Activities. If the sponsor has received a grant (or other Federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.
- 2. Facilities. Where it receives a grant or other Federal financial assistance to construct, expand, renovate, remodel, alter, or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.
- 3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

- 1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
- 2. So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language

It will include the following notification in all solicitations for bids, Requests for Proposals for work, or material under this Grant and in all proposals for agreements, including airport concessions, regardless of funding source:

“The **Auglaize County Board of Commissioners**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

e. Required Contract Provisions.

1. It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT Acts and regulations.
2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
 - A. For the subsequent transfer of real property acquired or improved under the applicable activity, grant, or program; and
 - B. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, grant, or program.
 - C. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
 - D. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

21. Foreign Market Restrictions.

It will not allow funds provided under this Grant to be used to fund any activity that uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

22. Policies, Standards and Specifications.

It will carry out any project funded under an Airport Rescue Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars for AIP projects, as of August 17, 2021.

23. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

24. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).
