The following restrictions and limitations therefore apply to the use of CDBG funds.
 - 1. CDBG funds may not be used for the acquisition of property or the construction or rehabilitation (including historic preservation and removal of architectural barriers) of structures to be used for religious purposes or which will otherwise promote religious interests. This limitation included the acquisition of property for ownership by primarily religious entities and the construction or rehabilitation (including historic preservation, and removal of architectural barriers) of structures owned by such entities (except as permitted under paragraph [2] of this section with respect to rehabilitation and under paragraph [4] of this section with respect to repair undertaken in connection with public services) regardless of the use to be made of the property or structure. Property owned by primarily religious entities may be acquired with CDBG funds at no more than fair market value for a non-religious use.
 - 2. CDBG funds may be used to rehabilitate buildings owned by primarily religious entities to be used for a wholly secular purpose under the following conditions:
 - i. The building (or portion thereof) that is to be improved with the CDBG assistance has been leased to an existing or newly established wholly secular entity (which may be an entity established by the religious entity);
 - ii. The CDBG assistance is provided to the lessee (and not the lessor) to make the improvements;

- iii. The leased premises will be used exclusively for secular purposes available to persons regardless of religion;
- iv. The lease payments do not exceed the fair market rent of the premises as they were before the improvements are made;
- v. The portion of the cost of any improvements that also serve a non-leased part of the building will be allocated to and paid for by the lessor;
- vi. The lessor enters into a binding agreement that unless the lessee, or a qualified successor lessee, retains the use of the leased premises for a wholly secular purpose for at least the useful life of the improvements, the lessor will pay to the lessee an amount equal to the residual value of the improvements;
- vii. The lessee must remit the amount received from the lessor under subparagraph (2) (vi) of this section to the recipient from which the CDBG funds were derived.

The lessee can also enter into a management contract authorizing the lessor religious entity to use the building for its intended secular purpose, e.g., homeless shelter, provision of public services. In such case, the religious entity must agree in the management contract to carry out the secular purpose in a manner free from religious influences in accordance with the principles set forth in paragraph (3) of this section.

- 3. As a general rule, CDBG funds may be used for eligible public services to be provided through a primarily religious entity, where the religious entity enters into an agreement with the recipient from which the CDBG funds are derived that, in connection with the provision of such services:
 - i. It will not discriminate against any employee or applicant for employment on the basis of religion and will not limit employment or give preference in employment to persons on the basis of religion.
 - ii. It will not discriminate against any person applying for such public services on the basis of religion and will not limit such services or give preference to persons on the basis of religion.
 - iii. It will provide no religious instruction or counseling, conduct no religious worship or services, engage in no religious proselytizing, and exert no other religious influence in the provision of such public services.
 - iv. The portion of a facility used to provide the public services shall contain no religious symbols or decorations, other than those permanently affixed to or part of the structure.

4. Where the public service provided under paragraph (3) of this section are carried out on property owned by the primarily religious entity, CDBG funds may also be used for minor repairs to such property which are directly related to carrying out the public services where the cost constitutes in dollar terms only an incidental portion of the CDBG expenditure for the public services.

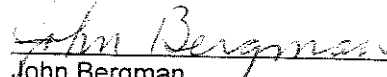

Note: No engineering shall be conducted on any project until after the project has been processed through all Environmental Review procedures.

IN WITNESS WHEREOF, the County and the City have executed this Agreement as of the date first above written.

TO ADMINISTRATIVE AGREEMENT BETWEEN AUGLAIZE COUNTY, OHIO
AND THE CITY OF WAPAKONETA, OHIO**

Statement of Work:

Project Location City of Wapakoneta I/A#11
Activity Sidewalk Improvements

This project involves the installation of approximately 1200 LF of sidewalk (and related infrastructure) on Highland Avenue and Franklin Street in the northern sector of the City of Wapakoneta. This activity is the third phase of a multi-phase infrastructure improvement project in this neighborhood composed of Highland, Wheeler, and Franklin Avenues. (Future phases will include sidewalks, waterline upgrade, storm and sanitary sewer upgrade, and street repaving.) This activity is necessary to maintain safe pedestrian travel in this LMI area. The program improves pedestrian conditions for local residents, children, the elderly and disabled. The overall appearance and quality of life is improved, as well. (Other locations in the immediate vicinity may be added as dollars and construction costs permit.)

These three residential streets of Highland, Wheeler, and Franklin Avenues are within a substantially larger Census Tract 404, Block Group 1 and can be considered a "pocket of poverty" in this part of the city. Although the 2000 Census indicates CT404, BG1 as 27.5% LMI, a CDBG Income Survey completed in 11/2006 indicates otherwise. The demographics of this neighborhood are not reflective of the substantially larger area encompassed in CT404, BG1. Thus, the 2000 Census data does not reflect the actual demographic or income characteristics of residents in the benefit area.

Based on a CDBG Income Survey completed in 11/2006 on Highland, Wheeler, and Franklin Avenues, this project area is considered 65% Low and Moderate Income (LMI). This service area contains a total of 98 beneficiaries and is located in Investment Area #11: City of Wapakoneta. Therefore, this activity meets the National Objective of Benefit to Low and Moderate Income Households.

Procurement shall be done in spring/summer 2010. All work shall be completed by December 1, 2010.

27. **Conditions for Religious Organizations.** In accordance with First Amendment Church/State Principles, as a general rule, CDBG assistance may not be used for religious activities or provided to primarily religious entities for any activities, including secular activities. The following restrictions and limitations therefore apply to the use of CDBG funds.
1. CDBG funds may not be used for the acquisition of property or the construction or rehabilitation (including historic preservation and removal of architectural barriers) of structures to be used for religious purposes or which will otherwise promote religious interests. This limitation included the acquisition of property for ownership by primarily religious entities and the construction or rehabilitation (including historic preservation, and removal of architectural barriers) of structures owned by such entities (except as permitted under paragraph [2] of this section with respect to rehabilitation and under paragraph [4] of this section with respect to repair undertaken in connection with public services) regardless of the use to be made of the property or structure. Property owned by primarily religious entities may be acquired with CDBG funds at no more than fair market value for a non-religious use.
 2. CDBG funds may be used to rehabilitate buildings owned by primarily religious entities to be used for a wholly secular purpose under the following conditions:
 - i. The building (or portion thereof) that is to be improved with the CDBG assistance has been leased to an existing or newly established wholly secular entity (which may be an entity established by the religious entity);
 - ii. The CDBG assistance is provided to the lessee (and not the lessor) to make the improvements;
 - iii. The leased premises will be used exclusively for secular purposes available to persons regardless of religion;
 - iv. The lease payments do not exceed the fair market rent of the premises as they were before the improvements are made;
 - v. The portion of the cost of any improvements that also serve a non-leased part of the building will be allocated to and paid for by the lessor;

- vi. The lessor enters into a binding agreement that unless the lessee, or a qualified successor lessee, retains the use of the leased premises for a wholly secular purpose for at least the useful life of the improvements, the lessor will pay to the lessee an amount equal to the residual value of the improvements;
- vii. The lessee must remit the amount received from the lessor under subparagraph (2) (vi) of this section to the recipient from which the CDBG funds were derived.

The lessee can also enter into a management contract authorizing the lessor religious entity to use the building for its intended secular purpose, e.g., homeless shelter, provision of public services. In such case, the religious entity must agree in the management contract to carry out the secular purpose in a manner free from religious influences in accordance with the principles set forth in paragraph (3) of this section.

- 3. As a general rule, CDBG funds may be used for eligible public services to be provided through a primarily religious entity, where the religious entity enters into an agreement with the recipient from which the CDBG funds are derived that, in connection with the provision of such services:

- i. It will not discriminate against any employee or applicant for employment on the basis of religion and will not limit employment or give preference in employment to persons on the basis of religion.
- ii. It will not discriminate against any person applying for such public services on the basis of religion and will not limit such services or give preference to persons on the basis of religion.
- iii. It will provide no religious instruction or counseling, conduct no religious worship or services, engage in no religious proselytizing, and exert no other religious influence in the provision of such public services.
- iv. The portion of a facility used to provide the public services shall contain no religious symbols or decorations, other than those permanently affixed to or part of the structure.

- 4. Where the public service provided under paragraph (3) of this section are carried out on property owned by the primarily religious entity, CDBG funds may also be used for minor repairs to such property which are directly related to carrying out the public services where the cost constitutes in dollar terms only an incidental portion of the CDBG expenditure for the public services.

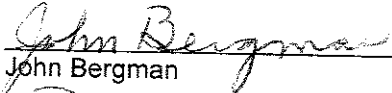

Note: No engineering shall be conducted on any project until after the project has gone through all Environmental Review procedures.

IN WITNESS WHEREOF, the County and the City have executed this Agreement as of the date first above written.

This project involves the repaving of approximately 380 LF of Canal Street between Beech and Maple Streets and the repaving of approximately 744 LF of Hager Street between Maple and Van Streets. The streets were last resurfaced in 1995 and 1997, respectively. This activity is necessary to maintain service and safe driveability on one of the main gateways in this LMI neighborhood. This project is part of an ongoing street repaving program the City of St. Marys initiated a number of years ago in low and moderate income neighborhoods resulting in improved driving conditions for local residents, elementary and day care school buses, and emergency vehicles.

This activity is located in Investment Area #7: City of Saint Marys. This Investment Area includes Census Tract 406, Block Group 3, which is 58.4% LMI and contains 873 beneficiaries, according to the 2000 Census. Therefore, the National Objective of Benefit to Low and Moderate Income Households will be achieved through this activity.

Procurement shall be done in summer 2010. All work shall be completed by December 1, 2010.
