

BID PROPOSAL FOR
PRESTRESSED BOX BEAMS and BRIDGE GUARDRAIL
BRIDGE: SAL-210-00.88

Bidder: _____

Address: _____

Telephone No. : _____

Fax No. : _____

Federal ID #: _____

E-mail Address: _____

Project Description

The project consists of fabricating, transporting, and installing prestressed box beams with all guardrail posts attached, as well as furnishing tie rods, bearing pads, etc. as needed for a bridge rehabilitation in Auglaize County. Deep beam guardrail (DBR-2-73) shall be supplied for installation by Auglaize County crews. All work will be in accordance with these plans and specifications.

Time and Date of Bid: 10:00 a.m., May 5, 2026

Location of Bid:
Auglaize County Commissioners' Office, Administration Building,
209 South Blackhoof Street, Suite 209
Wapakoneta, Ohio 45895

All attached sheets must be filled out

INFORMATION TO BIDDERS

1. The Auglaize County Board of Commissioners, herein after called the Owner, may consider informal any bid not prepared and submitted in accordance with the provisions herein and may waive any informality or reject any and all bids. Any bid may be withdrawn prior to the time for the opening of bids or authorized postponement. Any bid rejected after the bid opening will not be considered. No bidder may withdraw a bid within thirty (30) days after the actual date of the opening.
2. All blank spaces in the proposal form must be properly filled in. Each proposal shall be legibly written in ink or typed and must cover all the items of the work called for and no others. The prices are to include the furnishing of all materials, tools, equipment, patent rights, labor, and services necessary to complete the project. Each bid must be submitted in a sealed envelope bearing on the outside, the name and address of the bidder and the name of the project. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another envelope addressed to:

Auglaize County Board of Commissioners
209 South Blackhoof Street, Suite 201
Wapakoneta, Ohio 45895

3. Each bidder must sign the proposal form with his usual signature and shall give his full business address. Bids by partnerships shall be signed with the partnership name by an authorized representative and his designation. Bids by corporations shall be signed with the name of the corporation followed by the signature of the President, Secretary, or other authorized person and shall have the corporation seal affixed.
4. The owner may make such investigations as necessary to determine the ability of the bidder to perform the work. The bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request. The Owner reserves the right to reject any bid if the evidence submitted or the investigations of the bidder fails to satisfy the Owner that the bidder is properly qualified to carry out the obligations of the contract. Conditional bids will not be accepted.
5. At the time of the opening, each bidder will be presumed to have inspected the site and to have read and be thoroughly familiar with the plans and contract documents. The failure or omission of any bidder to examine any form, instrument, or document shall in no way relieve the bidder of any obligation.
6. The bidder is advised that any person or firm to whom it proposes to award a subcontract to must be acceptable to the Owner.
7. Each bid must be accompanied by cash, certified check made payable to the Treasurer of Auglaize County, or a bid bond prepared on the bid bond form and duly executed by the bidder as principal and having as surety thereon a surety company approved by the Owner in the amount of five percent (5%) of the bid. Such cash, checks or bid bonds will be returned to all except the lowest three bidders within three (3) working days after the opening of the bids. The remaining cash, checks, and bid bonds will be returned when the Owner has received an executed contract from the successful bidder. If no notification of the acceptance of the lowest bid has been made within thirty (30) days after the opening of the bids, the bidder may demand return of his cash, check or bid bond.
8. Attorneys-in-fact who sign the bid bond must file with each bond a certified copy of their power of attorney.
9. The successful bidder's failure or refusal to execute and deliver the contract and performance bond within ten (10) days after receiving notice of the acceptance of his bid shall forfeit to the Owner the security deposited with his bid as liquidated damages.
10. Should a bidder find discrepancies or omissions in or be in doubt as to the meaning of the plans, specifications, or bid documents, he must notify the Owner in writing. No oral interpretation will be given to any bidder. Every request for such interpretation should be through e-mail at abaumer@auglaizecounty.org or made in writing and addressed to:

Auglaize County Engineer's Office
P.O. Box 59, 1014 South Blackhoof Street
Wapakoneta, Ohio 45895-0059

To be given consideration, a request must be received at least five (5) days prior to the date of bid opening. Any and all interpretations and supplemental instructions will be in the form of written addenda and will be mailed to all prospective bidders not less than three (3) days prior to the bid opening. Failure of any bidder to receive any addenda shall not relieve a bidder of any obligation. All addenda issued shall be a part of the contract documents.

11. The bidder's attention is directed to the fact that all applicable State Laws, Municipal Ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the project shall apply to the contract throughout and will be deemed to be included in the contract as though they were herein written out in full. The rights and obligations provided for in the contract shall become effective and binding upon the parties only with its formal execution by the Owners.

GENERAL CONDITIONS

1. DEFINITIONS:

The following terms are used in these Contract Documents are respectively defined as follow:

- Contractor: The person, firm or corporation with whom the within Contract is awarded by the Auglaize County and is subject to the terms hereof.
- Subcontractor: A person, firm, or corporation other than the Contractor supplying labor and/or material for work at the Project site.
- Project: The entire public improvement proposed by the County to be constructed in accordance with the herein Contract.
- County: Owner and Project Administrator, Auglaize County, Ohio
- Surety: Any person, firm or corporation that has executed the Contractor's bid guaranty bond or performance bond securing the performance of the herein Contract.
- Engineer: Auglaize County Engineer or an authorized assistant.

2. CONSTRUCTION MATERIALS AND SPECIFICATIONS:

ODOT's Construction and Materials Specifications, dated January 1, 2023 shall govern. Auglaize County Engineer shall be substituted for all references to the Director of Transportation in the CMS. The County shall replace all references to the State.

3. CONTRACTOR'S OBLIGATIONS

The Contractor shall provide and pay for all materials, labor, tools, equipment, utilities, transportation, supervision, temporary construction, patent rights, and all other services and facilities of every nature whatsoever necessary to complete the project within the specified time. All legal claims from the lawful demands of the Contractor's employees, subcontractors and suppliers will be indemnified by the Contractor with the County being held harmless.

The Contractor shall submit to the County such schedules of quantities, costs, progress schedules, payrolls, reports, estimates, records, and any other data the County may deem necessary.

Any work necessary to be performed after regular working hours, on Sundays or Legal Holiday shall be performed without additional expense to the County.

The Contractor shall assure the County that all of their employees and employees working for all subcontractors hired by their firm, while working at the jobsite of for this improvement, will comply and meet all OSHA requirements and specifications.

4. CONTRACTOR'S TITLE TO MATERIALS

No materials or supplies for the project shall be purchased by the Contractor or any Subcontractor subject to any chattel mortgage or under a conditional sale contract or any other agreement by which an interest is retained by the seller. The Contractor warrants that he has good title to all materials and supplies used by him in the work, free from all liens, claims, and encumbrances.

5. INSPECTION AND TESTING OF MATERIALS

All material and equipment used in the construction of the project shall be subject to adequate inspection and testing in accordance with accepted standards. The County will select the laboratory or inspection agency and will pay all laboratory inspection costs and the fees of the inspection agency.

Should any work or material fail to meet the Engineer's approval, they will be promptly reconstructed, made good, replaced or corrected by the Contractor at his own expense for a period of one year after the final acceptance of the project. Rejected material shall be immediately removed from the site. If, in the opinion of the Engineer, it is undesirable to replace any defective or damaged materials or to reconstruct any portion of the work, the compensation to be paid the Contractor shall be reduced by the amount the Engineer deems equitable. If the Contractor fails to begin work of making such repairs within a reasonable amount of time, the County shall cause the repairs to be made and shall charge the expenses incurred to the Contractor. Service of notice of required repairs shall be made by registered mail.

6. PROJECT SUPERINTENDENT

At the site of the work, the Contractor shall employ a competent construction superintendent or foreman, who shall have full authority to act for the Contractor. It is understood that such representative shall be acceptable to the Engineer and shall be one who will continue in that capacity for the full duration of the project, unless he ceases to be on the Contractor's payroll.

7. WORKMEN AND CONDITIONS

Incompetent, careless or disorderly foremen or workmen will not be allowed on the project. Offensive and unsanitary conditions will not be allowed to exist. The Contractor has sole responsibility for the safety, efficiency, and adequacy of his plant, appliances and methods, and for damage, which may result from their failure or the improper construction, maintenance or operation.

8. SUBCONTRACTING

The Contractor may utilize the services of a Subcontractor on those parts of the project, where the work is usually done by a specialty Subcontractor. The Contractor shall not award any work to any Subcontractor without the prior written approval of the County. No approval will be given until the Contractor furnishes to the County written documents listing all his Subcontractors and the work to be performed by them. Should a Subcontractor be unacceptable to the County, the Contractor may procure another Subcontractor.

The Contractor will be responsible to the County for the acts and omissions of his Subcontractors as he is responsible for the acts and omissions of the persons that are directly employed by him.

The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the work to bind Subcontractors to the Contractor and to give the Contractor the same power as regards terminating any subcontract that the County may exercise over the Contractor. Nothing contained in the Contract shall create any contractual relation between any Subcontractor and the County.

9. ENGINEER'S AUTHORITY

The Engineer shall determine the quality and acceptability of all work and materials which are to be paid for under this contract and shall decide all questions which may arise in relation to the project. The Engineer's estimates and decisions are final, except where herein otherwise provided. Also, the Engineer shall decide the meaning and intent of any portion of the specifications and of any plans or drawings where the same may be found obscure or to be in dispute.

10. ESTIMATED QUANTITIES

The estimated quantities shown on the plans and bid sheet are for use in comparing bids and the right is reserved by the County to change these items as needed to complete the project.

11. CHANGES IN WORK

Without invalidating the contract, the County may order extra work or change the estimated quantities. The contract sum will be adjusted accordingly. Where it is necessary or desirable, the consent or the Surety will first be obtained.

Adjustments, if any, in the amounts to be paid to the Contractor by reason of such change, addition or deduction, shall be determined by either the unit prices contained in the Contractor's original bid, or an acceptable lump sum or unit price proposal from the Contractor. No claims for any extra work or materials shall be allowed unless the work is ordered in writing by the County. The cost of the work is to be stated in the order. The claim can be presented with the first estimate after the work is done.

12. INCLEMENT WEATHER

During the suspension of work caused by inclement weather, the Contractor shall protect all work against any damage or injury due to the weather. If in the opinion of the Engineer, any work or material has been damaged by reason of failure on the part of the Contractor to protect his work; such materials shall be removed and replaced at the expense of the Contractor.

13. USE OF PREMISES AND REMOVAL OF DEBRIS

The Contractor shall, at his own expense, take every precaution against injuries to persons or damage to properties; to store his equipment, materials, and supplies at the project site in an orderly fashion. Before the final payment, the Contractor shall remove all surplus material, false work, temporary structures, and debris of every nature resulting from his operation, and put the site in a neat, orderly condition.

14. TIME OF COMPLETION AND LIQUIDATED DAMAGES

The Contractor may start construction of the project as soon as the contract has been executed by the County and to fully complete the project by October 15, 2026. The project shall be executed at such a rate of progress as to insure completion within the specified time. If the project is not completed within the allotted amount of time or an extension thereof by the County, the bidder agrees to pay as liquidated damages the sum of \$400.00 (See Table 108.07-1 in the 2023 ODOT Construction and Material Specifications Book) for each consecutive calendar day thereafter until completion of the project.

The Contractor shall not be charged liquidated damages when the County determines the Contractor could not complete his work do to an unforeseeable cause beyond the control and not the fault of the Contractor or a Subcontractor. Within ten (10) days from the beginning of the delay, the Contractor shall notify the County in writing of the cause(s) of the delay. The County shall within a reasonable amount of time review and notify the Contractor of its decision in the matter.

15. PAYMENTS TO CONTRACTOR

The County can pay for fabrication costs before placement of the beams if the Contractor provides an invoice for fabrication. Final payment will be after placement of the beams.

16. PROJECT COMPLETION

The Contractor will upon completion of the project furnish satisfactory evidence that all obligations have been paid, waived, or discharged by him. If the Contractor fails to do so, then the County will withhold from the Contractor's payment a sum considered sufficient by the County until such evidence is provided. Any unpaid bills belonging to the Contractor or his Subcontractor(s) that are paid by the County will be considered as a payment made under this Contract to the Contractor. The acceptance of the final payment by the Contractor shall act as a release of the County for all claims and liabilities for things done or furnished in connection with the project. No payments shall operate to release the Contractor or his Sureties from any obligation under this Contract.

17. PERFORMANCE BOND

The Contractor shall furnish a performance bond in the amount of one hundred percent (100%) of the contract price as security for the faithful performance of this Contract.

18. ADDITIONAL OR SUBSTITUTE BOND

If at any time the County for a justifiable cause shall become dissatisfied with any surety and the performance bond, then Contractor shall within five (5) days after notice from the County substitute an acceptable bond in such form and sum and signed by such Surety as may be satisfactory to the County. The Contractor shall pay the premiums. No further payments shall be deemed due nor shall be made until the new surety shall have been furnished an acceptable bond to the County.

19. CONTRACTOR'S RIGHT TO TERMINATE CONTRACT

If the work should be stopped under an order of any court or other public authority for a period of three (3) months through no act of fault of the contractor or anyone employed by him, or if the Engineer should fail to issue an estimate for payment within seven days after it is due, or if the County fails to pay the Contractor within seven days of its maturity, then the Contractor may after giving seven (7) days written notice stop work or terminate this contract and recover from the County payment for all work executed, any loss sustained, reasonable profit, and damages.

20. COUNTY'S RIGHT TO TERMINATE CONTRACT

Should the Contractor or any of his subcontractors violate any of the provisions of the contract, the County may serve written notice to the Contractor and his Surety of its intention to terminate the Contract. The notice is to contain the reasons for termination. Ten (10) days after serving the notice the Contract will terminate, unless the Contractor has corrected the stated reasons. If the Surety does not commence work within ten (10) days of the mailing of the notice of termination, the County may take and complete the project. In such an event, the County may take possession of and utilize in completing the work, such materials, equipment, and plants as are on the site of the work. The Contractor and its Surety shall be liable to the County for any excess costs occurred.

21. INSURANCE

The Contractor nor any Subcontractor shall not commence work under this contract until he has obtained from an insurance company authorized to do business in the State all the insurance listed below and such insurance has been approved by the County. Copies of the certificates showing the type, amount, and effective dates shall be sent to the County. The policies should contain a statement similar to the following: "The insurance covered by this certificate will not be cancelled or altered, except after ten (10) days written notice has been received by the Owner."

WORKMAN'S COMPENSATION INSURANCE: The Contractor and all subcontractors shall maintain during the life of this contract Workman's Compensation Insurance for all of his employees that are to work at the site of the project. In case any employees are engaged in hazardous work at the project site and not covered under Workman's Compensation Insurance, the employer shall provide adequate liability insurance for such employees.

BUILDER'S RISK INSURANCE: Until the project is completed and accepted by the County, the Contractor is required to maintain insurance covering fire, wind, explosion, theft, vandalism, and other coverage providing for not less than \$50,000 for stored and installed material.

BODILY INJURY AND PROPERTY DAMAGE INSURANCE: The Contractor shall procure and maintain during the life of the contract Comprehensive Public Liability and Property Damage Insurance, and Vehicle Liability Insurance in the amounts specified below. The Contractor shall also require his Subcontractors to procure these three types of insurance in the amounts specified below or insure the activities of the Subcontractors under his own policy. The amounts of insurance shall not be less than \$1,000,000 for injuries including accidental death to any one person and subject to the limit for each person in the amount of not less than \$1,000,000 on account of one accident. Property Damage Insurance shall not be less than \$1,000,000 coverage. The policy shall also include underground utilities coverage for all projects requiring excavation and all damages of any kind caused by blasting, if explosives are used in the performance of the project.

The insurance coverage provided by the Contractor shall be of such nature as to indemnify and save harmless the County and the Engineer and their agents and employees for and against all claims, damages, losses and expenses, including attorney's fees, arising out of or resulting from the performance of this contract, provided that any such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than work constructed under this contract), including the loss of use resulting thereof and is caused in whole or in part by any negligent act or omission of the Contractor, Subcontractors, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified herein. The Contractor, through his insurance coverage, shall defend any and all suits that may be brought against the parties indemnified on account of any such occurrences.

22. DRUG-FREE WORKPLACE

The contractor and all subcontractors shall be enrolled and in good standing with the Drug-Free Workplace Program or a similar program approved by the Bureau of Workers' Compensation.

23. PREVAILING WAGE SCALE

In accordance with the prevailing wage statutes pursuant to ORC 4115, the prevailing wage rates to be paid each laborer or mechanic engaged on this project shall not be less than the hourly rate as set forth in the Ohio State Wage Rate Schedule as listed at the end of the General Conditions. This contract requires the payment of the total of the "basic hourly rates" plus the "fringe benefits payments" for each classification in accordance rate schedule.

The Contractor and all subcontractors must pay all wages and fringe benefits by company check. All payroll records and canceled pay checks shall be maintained for at least three years after the Termination of Contractor's Responsibility as defined in Section 109.12. Contractors' and all subcontractors' payroll records and canceled pay checks shall be made available for inspection by Auglaize County, upon request, anytime during the life of the contract.

The contractor and all subcontractors shall submit to Auglaize County certified payrolls. These payrolls shall be on a Form WH-347 or equivalent and shall show the following:

Employee name, address, social security number, classification, and hours worked.

The basic hourly and overtime rate paid, total pay, and the manner in which fringe benefit payments have been irrevocably made.

The project number and pay week dates.

Original signature of a company officer on the certification statement.

24. REQUIRED BID DOCUMENTS

As part of the bid package, the Contractor will be required to submit the following with his bid:

- Bid Sheet
- Bid Bond
- List of Subcontractors
- A "Certification of Personal Property Tax" form
- Non-collusion Affidavit
- Campaign Contributions Limitations Certifications
- Contractor's Certification of OSHA Compliance

25. MATERIAL REQUIREMENTS

- 1). The County shall approve the shop drawings before casting the beams.

To the Auglaize County Commissioners

Date set for Completion: **October 15, 2026**

EXISTING STRUCTURE
TYPE: Single span steel beam bridge with corrugated metal deck supported by reinforced concrete substructures
SPANS: 43'-6" c/c brg
ROADWAY: 24'-0" f/f railing
LOADING: HS 20-44 and the Alternate military loading
SKEW: None
WEARING SURFACE: Asphalt Concrete ±2"
APPROACH SLABS: None
ALIGNMENT: Tangent
STRUCTURAL FILE NUMBER: 0636835
DATE BUILT: Super. 1968 Sub. 1920's

PROPOSED STRUCTURE
TYPE: Non-composite prestressed box beam bridge supported on reinforced concrete substructure.
SPANS: 60'-6" c/c brg.
ROADWAY: 28'-0" f/f railing
LOADING: HL-93 and the Alternate Military Loading
FUTURE WEARING SURFACE: 0.06 kip/ft²
SKEW: None
APPROACH SLAB: None
ALIGNMENT: Tangent
LAT.: N40°39'18.07" LONG.: W84°26'15.07"
DECK AREA: 1596 ft²

DECK PLAN

NOTE: Tie rod locations are to be designed by beam contractor and approved by Auglaize County before production.

CAMBER AND PAVING NOTES

Calculated camber at the time of paving, including allowance for camber growth due to creep is $2\frac{1}{8}$ " for span 1.

Calculated deflection due to the weight of the surface course and railing is $\frac{3}{16}$ " for span 1. Net final camber of the beams is $1\frac{1}{8}$ ". This is $1\frac{15}{16}$ " excess of the amount required to place the top of the beam parallel to profile grade. This excess amount shall be compensated for by thickening the 441 intermediate course from $1\frac{1}{2}$ " at the center of the span to $3\frac{1}{8}$ " over the abutments.

ASPHALT CONCRETE SURFACE shall consist of a variable thickness of 441 asphalt concrete intermediate course and $1\frac{1}{2}$ " thickness of 441 asphalt concrete surface course. The 441 asphalt concrete intermediate course shall be placed in two operations. The first shall be of $1\frac{1}{2}$ " uniform surface parallel to and $1\frac{1}{2}$ " below the final pavement surface elevation.

First Post Off Bridge TYP.

ELASTOMERIC BEARINGS: The elastomeric bearings shall conform to all requirements in PSBD-1-25
B2 Bearing Pads: 2.014"x9"x14" - 50 durometer hardness
TO BE SUPPLIED BY CONTRACTOR

DETAIL A

PRESTRESSED BOX BEAM NOTES

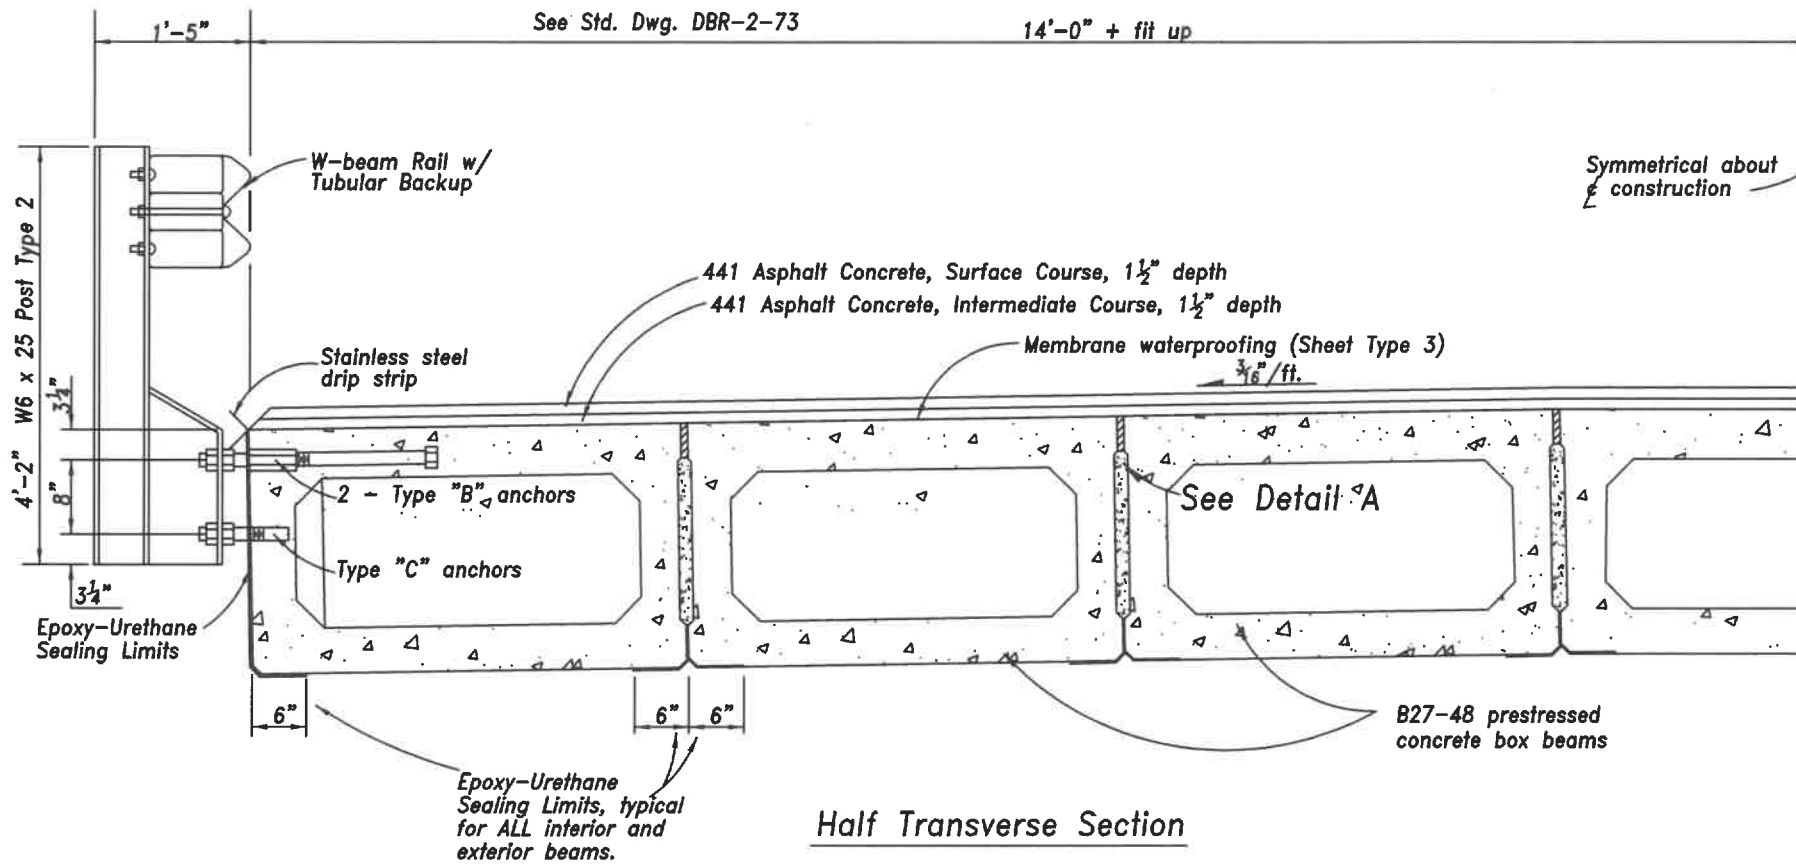

Reference shall be made to attached Beam Fabrication Shop Drawings
 Beams designed in accordance with PSBD-1-25 dated 07/18/25
 Torque tie rods to 250 ft-lbs.

Prestressing strands = ASTM A416 Grade 270, 1/2" dia., seven wire, uncoated, low relaxation strand. $A_s = 0.167$ sq. in.
 Initial tension = 33,818 lbs. per strand
 Tension at release = 28,500 lbs. per strand
 Final tension after all losses = 23,550 lbs. per strand

B27-48 beams are stressed with 26 strands.

Mild reinforcement shall have 2" clear concrete cover.
 Minimum concrete strength at 28 days, $f_c' = 7,000$ p.s.i.
 Minimum concrete strength at release of prestress = 5,500 p.s.i.
 Reinforcing steel for beams shall be Grade 60, Minimum Yield Strength = 60ksi.

The keyway on fascia of exterior beams shall be omitted.
 As long as symmetry is maintained, the location of the debonded strands may be changed at the option of the Contractor.

Half Transverse Section

SECTION AT ABUTMENTS

Box Beam Detail

NOTE: Epoxy urethane sealer required on all beams as shown. Coverage shall include fascia side and 6" wrap under on exterior beams. Coverage shall be from bottom of keyway and 6" under on interior beams. Application rate shall be 2 coats @120 Sq. Ft. per gallon each - Use "Light Neutral" color #17778.
