

## *West Central Ohio Rural Transportation Planning Organization (WORPO) Long Range Transportation Plan Goals & Objectives Feedback*

**Background:** The West Central Ohio Rural Transportation Planning Organization (WORPO) is designated as an Ohio Regional Transportation Planning Organization (RTPPO) for the seven counties surrounding the Lima-Allen County metropolitan area, including Auglaize, Hancock, Hardin, Mercer, Putnam, Van Wert, and Wyandot counties. A Regional Transportation Planning Organization (RTPPO) is an organization that identifies local transportation needs, conducts planning, assists local governments, and supports the statewide transportation planning process in non-metropolitan regions of a State. RTPPOs are required to develop long-range transportation plans. The plan should identify the multimodal and intermodal transportation policies and facilities needed to meet the RTPPO's travel demand for a minimum twenty-year horizon.

WORPO is in the process of developing the region's first Long Range Transportation Plan. Chapter 1 of the LRTP defines the goals and objectives for future transportation investments in the region. This chapter has been finalized and is currently seeking comments from the public. **SCAN THE QR CODE TO PROVIDE FEEDBACK**
